Community Commitment

Drew is a proud Listowel local who has built his life around community, connection, and service. He works as a Sales Representative at Hudson's Listowel Kia and serves as a volunteer firefighter with the North Perth Fire Department.

"Settling down with my family in North Perth was a no-brainer," Drew shares. "To live in a small town for the strong sense of a loving community where everyone knows one another and a slower pace lifestyle." Growing up, Drew was active in local sports, which helped him form deep, lasting connections. "Growing up playing hockey, baseball, and golf in Listowel gave me the opportunity to meet lifelong friends," he says.

"Living in Listowel, where neighbors know each other and say hello or ask how you're doing when out for an evening walk, truly brings a feeling of belonging. Everyone knows everyone!"

Now raising a family of his own, Drew hopes his kids experience the same small-town upbringing he values so deeply. "Perth County has given me the chance to be a part of the community in many ways as a kid growing up here and now as a proud father," he says. "I look forward to my children having the chance to experience Perth County the same way I have - living here and creating lifelong memories with friends and family."
