

Schwindt Family

Index

Section 1: Schwindt Family Tree

- Names and identification number of each descendant of Conrad Schwindt [34] and Susana *Rittener* Schwindt [35]. Each new generation is indented. It should be noted that the tree is not complete. It contains only those members for which there is a photo or other documentation.

Note on Organization of the Family Tree:

1. Each person has been designated a number which correlates to their position on the family tree. The first two identified members of the family are each given a number. Each consecutive child is then given a letter to the end of that number. For example, the first child is 1-2a, the second child is 1-2b, and so on. The numbering system continues with each new generation being given an additional letter signifying their position within the tree.
2. Each spouse of a direct descendant is designated with Sp. for Spouse. For example, if they are married to the third child in the family tree, they would be numbered as, "1-2c.Sp." If they have more than more spouse, it will be denoted by a number after the Sp. "1-2c.Sp.2."

If an individual in this family tree is connected to another family associated with the project, that person's identification number will change in their second tree.

Section 2: Family photographs and archival documents

- Includes photographs and source documents related to each family member.

ph0952(1) This photograph appears to be Emma Debus Wettlaufer, her husband Conrad Wettlaufer and their son Edward Wettlaufer. Conrad and Emma were married in 1915, Edward was born in 1917. Emma Wettlaufer is listed as the owner of L21 C15 Elma twp. in 1922. The photographer stamp is that of Carter & Isaac, St. Marys who, according to the St. Marys archive web site operated in St. Marys in an earlier period.
