DUBLIN MERCANTILE

Local Elegance

Dublin Mercantile is a shining example of the power of community. Art Larivee and his late wife Cindy founded the company in 2000, and it rapidly became a local favourite due to its stunning home décor and great craftsmanship. The increased demand for their distinctive goods quickly led to recognition beyond Perth County, bringing customers from all over.

In 2017, the Larivee's expanded their vision by opening a second location in the picturesque town of Bayfield. This move not only allowed them to reach more customers but also underscored the growing appreciation for their distinctive products across a wider region. The business has built a strong wholesale network, now serving over 3,000 retailers across Canada.

Embracing the digital era, Dublin Mercantile has crafted a vibrant online presence that enhances the shopping experience. Their intuitive e-commerce website provides a smooth, hassle-free journey for customers to browse and buy from their extensive range of products. In addition, Dublin Mercantile extends the ambiance of their meticulously curated store to a global audience through a virtual tour. This innovative feature allows shoppers around the world to immerse themselves in the store's unique charm from the comfort of their own homes.

The journey of Dublin Mercantile highlights how Perth County's vibrant community can nurture local businesses to reach new heights. Through thoughtful expansion, a solid wholesale presence, and a dynamic online platform, Cindy and Art Larivee's story is a heartwarming example of how local support can drive success and growth.
