Stratford, Ontario

. . . is one of the few communities in all Canada that is really organized to offer new industries a "true package deal." YOU design your plant, select your own contractor, if you wish — have the plant built on OUR Industrial Land, AND WE pick up the tab. The plant then will be leased back to you on short or long term, at attractive rates, or, you may retain title if you wish. Stratford's industrial land is all located on highway or rail, is completely serviced, and the price is reasonable. The land is under option at a fixed price for your protection. Full information on cost of construction in this area, and costs of lease or rental, will be supplied on request. —Write Thomas J. Flood, Industrial Commissioner, 51 Albert Street, Stratford, Ontario.
