OUT OF SIGHT . . . OUT OF MIND

OUT OF BUSINESS

?

The importance of keeping firm and product names in the public eye is recognized by all businessmen. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

• • •

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

PREFACE

In presenting the Fifty-First Edition of the STRATFORD CITY DIRECTORY, the publishers thank their many patrons for their cordial support.

This year for the second time the names are listed in order of telephone numbers. This Numerical Telephone Directory is printed on blue paper and we feel that it will greatly increase the usefulness of the directory to our subscribers. Telephone numbers are also listed by house address in the Street Directory.

Our estimate of the population of Stratford and outskirts is 28,500.

VERNON'S 1973

CITY OF STRATFORD

Alphabetical Directory

EXPLANATION

1. The wife's name is shown in brackets following the husband's name: Smith Wm R (Mary E).
2. A widow is normally listed under her own given name, with the name of her deceased husband in brackets: Smith Mary E (wid Wm R).
3. Names between borders are those of firms which subscribe to or advertise in this City Directory. Names in light face capital letters are those of proprietors, partners or executives of these firms.
4. Business firms which are individual proprietorships or partnerships are indicated by listing the names of the owner or partners in brackets: Plaza Groceries (John B Scott, Wm Noble). Conversely, a firm name in brackets after an individual's name indicates that he is an owner or partner in the firm.
5. The householder or head of the house (owner or tenant) is indicated by h preceding the street address. Other members of the family, roomers and boarders do not have this designation. To determine whether the householder is owner or tenant, refer to the pink section, where home ownership is indicated by an asterisk (*).
6. The information in this directory has been gathered from original sources and every effort has been made to ensure its accuracy; the publishers, however, assume no responsibility for any errors.

Do Not Lend Your CITY DIRECTORY

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The major costs of manufacturing your City Directory — enumeration, compilation, setting the type, proof-reading — are largely FIXED COSTS. The variable costs — paper, ink, press time — are of minor importance.

These costs, plus a reasonable profit margin, MUST BE ABSORBED BY THE SUBSCRIBERS — whether one or one thousand.

If there were only ONE SUBSCRIBER to the CITY DIRECTORY — THAT ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 1000 SUBSCRIBERS — each one would have to absorb 1/1000th PART OF THE WHOLE COST.

It is obvious that the LARGER the number of subscribers — the LOWER the cost to each.

It is also obvious that the SMALLER the number of subscribers — the GREATER the cost to each.

Every time you lend your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

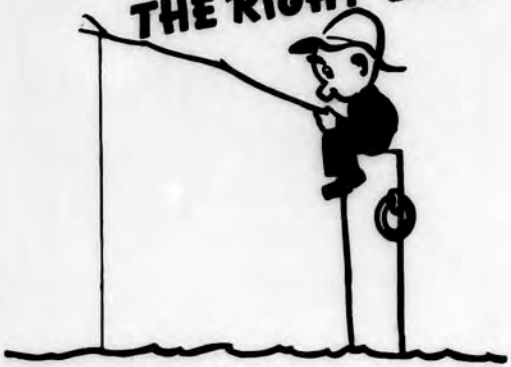

MORE BORROWERS result in FEWER SUBSCRIBERS, which means INCREASED COST TO YOU.
