PREFACE

In presenting the Fifty-Second Edition of the STRATFORD CITY DIRECTORY, the publishers thank their many patrons for their cordial support.

This year for the third time the names are listed in order of telephone numbers. This Numerical Telephone Directory is printed on blue paper and we feel that it will greatly increase the usefulness of the directory to our subscribers. Telephone numbers are also listed by house address in the Street Directory.

Our estimate of the population of Stratford and outskirts is 29,475.

VERNON'S 1975 CITY OF STRATFORD Alphabetical Directory

EXPLANATION

1. The wife's name is shown in brackets following the husband's name: Smith Wm E (Mary E).
2. A widow is normally listed under her own given name, with the name of her deceased husband in brackets: Smith Mary E (wid Wm E).
3. Names between borders are those of firms which subscribe to or advertise in this City Directory. Names in light face capital letters are those of proprietors, partners or executives of these firms.
4. Business firms which are individual proprietorships or partnerships are indicated by listing the names of the owner or partners in brackets: Floss Groceries (John B Scott, Wm Noble). Conversely, a firm name in brackets after an individual's name indicates that he is an owner or partner in the firm.
5. The householder or head of the house (owner or tenant) is indicated by h preceding the street address. Other members of the family, roomers and boarders do not have this designation. To determine whether the householder is owner or tenant, refer to the pink section, where ownership is indicated by an asterisk (*).
6. The information in this directory has been gathered from original sources and every effort has been made to ensure its accuracy; the publishers, however, assume no responsibility for any errors.

WORK STATISTICS

THERE WERE 3 400 000 WOMEN WORKING IN CANADA AT THE END OF 1974. THIS IS 34.4% OF THE LABOUR FORCE

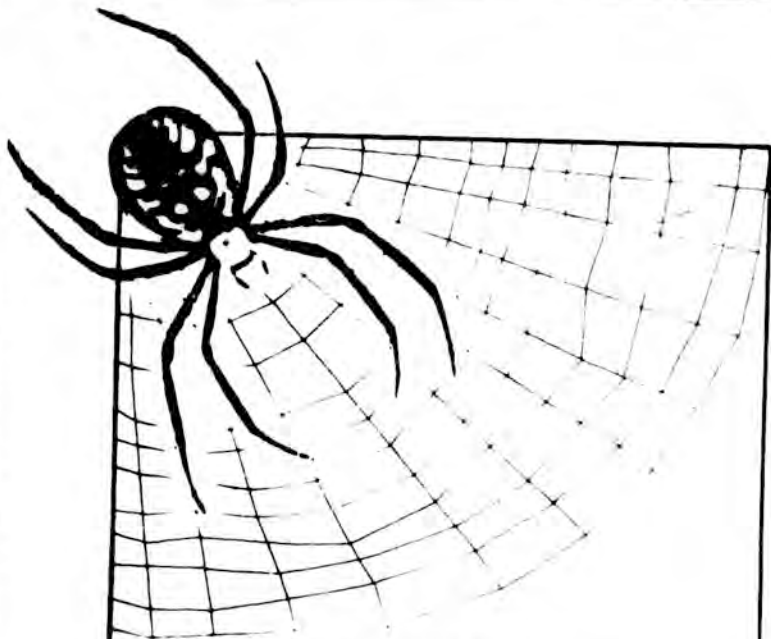

Of these, 58% were married, 32.5% were single, and over 9% were widowed, divorced or separated.

Working women have less time to watch television or read magazines and newspapers. They must spend more money on clothing. Many drive their own car.

In addition, households in which women work have 25.5% higher gross incomes with more money to spend on labour saving devices and vacations.

THOUSANDS OF WOMEN USE CITY DIRECTORIES EVERY DAY. ARE YOU GETTING YOUR MESSAGE TO THEM? WHY NOT SET YOUR AD IN A WORKING SITUATION?

Lack of advertising... beneficial to some!

When Mark Twain was a young man, he was editor and publisher of a growing newspaper in a small Missouri town. One day, he received a letter from one of his subscribers. The subscriber said that he had found a spider in that morning's edition of his paper. He wanted to know if this was an omen of good luck, or of bad luck. Mark Twain, a hustling space salesman as well as an editor, wrote to his customer:

Dear Sir:

Finding the spider in your newspaper yesterday morning, was neither good luck nor bad luck for you. The spider was merely looking over our paper to see which of the town's merchants is not advertising. He will then go to that store, spin his web across the door, and lead a life of undisturbed peace ever afterward.
