Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time It Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the Directory of Your City.

This cost must be absorbed by the subscribers—be they one—or be they 1,000.

If there were but **One Subscriber** to the **City Directory**—the **one subscriber** would of necessity have to absorb the **Whole Cost**.

If there were **100 Subscribers**—each one would have to absorb **1/100th Part of the Whole Cost**.

If there were **1,000 Subscribers**—each one would have to absorb **1/1,000th Part of the Whole Cost**.

From which is it obvious that the **Greater** the number of subscribers—the **Lesser** the cost to each

And

It is also obvious that the **Lesser** the number of subscribers—the **Greater** the cost to each.

Every time you loan your City Directory, the **Leas Necessity** there is for the **Borrower to Subscribe for the Service**.

More Borrowers result in **Fewer Subscribers**, which means **Increased Cost**.
